Subject: FW: Bid waiver for remount of 2 ambulance boxes on owner provided chassis

Importance: High

Hi –

Please review the attached ambulance remounts proposed off HGAC by EMS. They are hoping to get this on the 11/21 agenda if possible. I really appreciate your review.

Have a great day!

Thanks, Fran

Importance: High

Fran,

Please review the attached and if approved, please forward to MWBE. This is the remount of two existing boxes on chassis purchased on the 9/5/24 agenda (2024-374). On this same agenda is also three new boxes, which have already been approved through bid waiver (2024-464). That will be all the ambulance agenda items for FY25.

We are also going to submit a waiver for staff vehicles, which will close out all funding for FY25 for vehicles, and I hope to have that to you later today for inclusion on the same agenda 11-21-24.

Please reach out to Daren or I with any questions.

Jim
