Interests & Experiences

Why are you interested in serving on a board or commission?

My interest to serve on a board or commission is an extension of the work I'm currently doing in the community. The last two years I've dedicated time and effort to serving my community through mentoring with the African American male initiative, volunteering with various organizations with a focus on building character and leadership abilities in young males, and the scholarship I've established at N.C. A&T State university. The opportunity to serve on a board or commission would allow me to have a bigger impact on my community and the wonderful citizens on this city.
