Question applies to Guilford County Animal Services Board.

Please list your experiences with animal services, animal control, and animal rescues; and discuss your ideas for improving the well-being of pets and the animal population, in general, within Guilford County.

I was the Regional Director of the Triad Region for the United States Equine Rescue League as well as a Certified Cruelty Investigator for them. While I have a love for all animals, my main interest are horses. I would like to see a facility in Guilford County where abused and neglected horses can be taken when not properly being cared for. Horses are a domesticated animal and should fall under the same laws regarding abuse and neglect as dogs and cats. I understand they are harder to house and I would like to see this improve in our county.
