Interests & Experiences

Why are you interested in serving on a board or commission?

I believe my educational and career experiences are a valuable asset to the JCPC. I am very familiar with the culture and services within the community and can add my expertise to the conversation. Because I work in both the High Point and Greensboro communities, I am able to bring a unique perspective to the team about the need for services in both corners of the county. The work that this board provides is detrimental to service provision for juveniles and their families in this community. I have been a member of the JCPC for 2 previous terms and would like to continue my work on the board.
