Interests & Experiences

Why are you interested in serving on a board or commission?

I am a high school student attending Greensboro College Middle College. I have played organized team sports since the age of three. My goal is to continue playing sports through college while studying sports management and sports marketing. I try to stay informed about various sports. I know that Greensboro and the Triad area are investing more into sporting events and teams with organizations and developments like the Grasshoppers, the Aquatic Center and the recent proposed projects in High Point of a baseball field downtown. I feel that I could learn a lot about the economic impact of sports and offer my perspective as an athlete.
