Rezoning Notice 07117

Leslie Bell introduced the item. He noted that because this is a conditional zoning there is presented a conceptual design of the property. There is a proposed retail with a somewhat country motif.

Chairman Branson questioned if the site had received a positive percolation result.

Bell stated that the proponents will speak to that matter.

Commissioner Conrad questioned the Guilford County Planning Board's vote on the request.

Bell stated that it was a 4 to 2 vote in favor of approval.

Chairman Branson opened the floor for the public hearing.

Proponents

Proponents Mike Fox, local attorney representing the applicants. Daniel Almazan representing the developers. Attorney Fox asked the board to support the decision of the planning board which was to approve the item. He noted that the current site is already zoned Highway business and they are asking to extend the zoning. He shared that they have heard the concerns of the local residents as to the facade of the building similar to the Dollar General approved in Browns Summit.

Mr. Almazan with Teramore Development has been a primary developer for Dollar General for Tennessee and North Carolina. He shared their efforts and recent community meeting with 33 residents in attendance. He noted that some of the matters they tried to address were the look and feel of the building as well as the buffering.

Chairman Branson questioned the entrance off of Old Julian road, he questioned if there was going to be a turning lane and the entrance, if it was going to be two lanes.

Mr. Almazan shared that there were no modifications required to the roadway.

Commissioner Foster questioned who was the current owner.

Chairman Branson questioned the investment and the sales.

Mr. Fox shared that the improvements are 1.3M and 1.5 Million in annual sales.

1 – Property owner, Connie Blakely, 2309 Sharpe Road, Greensboro shared that she bought the property in 1985 and had it rezoned in 1994 and owned and operated a beauty shop on that site. She shared that she supports the community.

Chairman Branson opened the floor for opponents.

Opponents

1 – Robin Heath, Alamance Church Road Julian shared that she lives on the opposite corner of the property in question. She shared that they have three convenience stores and a homeland creamery. She expressed concerned that this store would impact existing businesses which have been there for generations. She shared that there are 14 Dollar Generals within a 10 Mile radius and there is no need for another store.

2 – Russ Welker, Alamance Church Road, Julian questioned the ability for the property to perk. He shared that his family built a home near the property in the 1940's and spoke to the drainage issues on the property.

3 – Aaron Ball, Alamance Church Road, Julian shared that they live a mile down the road from the proposed site. He expressed concerns that the store will change the look and feel of the community and are not supportive of the Dollar General. He questioned the viability of such a store in the community and urged the board to not approve the item.

4 – Melissa Ball, Alamance Church Road shared that she is not in support of a Dollar General. She shared that the community has resources to get needs at the local gas stations and the homeland creamery.

5 – Carrie Powers, Alamance Church Road shared that she did not have an opportunity to attend the community meetings. She spoke in opposition to development. She shared if you bring a convince store in, it will bring other businesses and they are opposed to that growth.

6 – Mike Powers, Alamance Church Road spoke in opposition to the Dollar General. He spoke to current crime in his community. He expressed concerns that the Dollar General will bring additional crime to the community. he expressed concerns that once the store is built the clean look and feel will fall to the wayside to sale items and propane tanks. He shared that there is no one to enforce the look and feel once the building is approved.

Chairman Branson closed the floor to opponents

Chairman Branson opened the floor for **5-minute rebuttal Proponents.**

1 – Robin Heath shared that she also spoke to local law enforcement and was informed that in areas where Dollar Generals have been added crime has increased.

2 – Mike Fox shared that the Dollar General does not attract any more crime than any other business. Rather they suffer the level of crime in the existing community. Whatever is going on in that area will impact them as well. In regards to the maintenance of Teramore Development, is in the business of operating and maintaining the stores and keeping them attractive and in good working condition. He spoke to water and perk ability of the site, they must comply with all planning and zoning regulations and ensure proper water and sewer requirements. He noted that there may be confusion as to expansion of the road that it is more likely confusion as to the right away as they do not have the authority to change someone else's property without their consent.

He reminded the board that the role of zoning is to the zoning question and not picking and choosing the type of business.

Chairman Branson opened the floor for **5-minute rebuttal to Opponents.**

Mr. Welker shared that he worked for a paving company and there is need to remove the water, he shared that there will be added a retention pond and that there will be mosquitoes. He shared that the addition of the store will add opportunity for theft.

Mr. Powers shared that he was not sure of the business case for the property and how they will be able to generate those sales and whose business will they be taking away.

Ms. Heath shared that there is a petition and no need for the development and urge the board take the communication into consideration.

Ms. Powers shared that those profits will come from the local businesses.

Chairman Branson closed the public hearing.

Commissioner Coleman questioned the adjoining properties, the nearest residential areas, the standing water, and who chose the design to be used. She stated that more conversation needs to be held with the community.

Mr. Fox shared that there is one resident, and across the street there is a British Petroleum (BP) and Convenience store and diagonal is a hobby shop. Fox feels that the development is compatible as these adjoining stores are scaled to serve a smaller community and it is consistent with the existing development. He noted that the corner is already zoned highway business with an existing store on the property. Fox shared that it is a rural area and there are not large subdivisions in the area, he noted that there are residents across the street and up and down the road. He shared that they will be required to engineer and design a system to mitigate the water on the property as required. Fox stated that typically there is a wet or dry retention pond. He noted that they are happy to make a condition if the board so directs. He assured the Board that they are not doing a four sided metal building, and they are committed to doing one of the modified designs.

Vice Chairman Phillips shared that if this board was to approve a request that some form of condition of design would be asked. He shared that an improved facade would meet minimum expectations, and that we should consider adding the condition of the country style facade to the motion.

Commissioner Alston shared that he preferred that they work with the community on the facade that the neighborhood would prefer.

Vice Chairman Phillips questioned what the experience has been in working with the community.

Mr. Almazan shared that they can work with the community in an effort to present something that the community is proud of.

Mr. Fox affirmed the addition of at least three sides of brick mason or hardy board.

Commissioner Cashion clarified that the request before the board is the rezoning to extend 2.44 acres and does not have anything to do with whether or not we approve a Dollar General.

Commissioner Coleman echoed Commissioner Cashion by stating that the purpose for this particular rezoning is to build a Dollar General

Mr. Fox clarified that while they are asking to extend the existing Highway Business area, they have always been upfront that the business would be a Dollar General.

Commissioner Alston shared that he lives on the same road of a Dollar General as well as other competitive businesses. He shared that the community will dictate which businesses will stay in business. He questioned if the property was on the market for sale, or if the owner was contacted. Alston clarified the condition of the property and that the developers were willing to meet with the community regarding their preference as to the look of the property.

Mr. Almazan stated that the owner was contacted as this was an ideal site for a Dollar General location. He clarified that the property has completed percolation.

Motion was made by Melvin "Skip" Alston, and seconded by Kay Cashion to Conduct required public hearing and either affirm or reverse the Planning Board's Decision to approve the Conditional Rezoning of the property located northeast of the intersection of Alamance Church Road and Old Julian Road in Green Township, being a portion of Guilford County Tax Parcel #0110908, approximately 2.44 acres. The Guilford County Planning Board approved the request to rezone this property from AG & HB to CZ-HB.

Friendly amendment accepted to work with the community on selection of the design of the store facade to be either brick or hardy board on at least three sides.

Motion includes that the subject property is not covered in any of the County's adopted area plans. The request is in the public interest through the provision of retail services to the area residents:

- 1. The proposed rezoning would extend the current HB Zoning to approx. 2.44 acres of the existing parcel.**
- 2. The parcel is at the crossroads of Alamance Church Road and Old Julian road. Both are designated thoroughfares.**
- 3. those parcels...**

VIII. HEALTH AND HUMAN SERVICES UPDATE

A. 2019-130 DHHS - PUBLIC HEALTH DIVISION UPDATES

Receive DHHS - Public Health updates.

Legislation Text

Public Health Director, Merle Green, provided an update on the County's influenza outbreaks. She shared that this has been a robust year for influenza this year. Guilford County has documented 2 deaths through last week with the State of North Carolina documenting 35 deaths. She shared that there have been increased cases of the flu in schools and congregate areas. Greene provided an update as to the status of the accreditation results. She noted that Guilford County Public Health passed accreditation with honors. Greene provided an update on the recent ground water sampling in an area of Greensboro which showed higher than preferred levels of two contaminants: PFAFs and PFOA

Deputy Director Ken Carter reviewed the PFOFs and PFAFs items and shared that during the week of November 19th letters were submitted to residents as to the results and dates of the public information sessions. They shared that the results of the samples came back July 14th and all came back below EPA acceptable levels.

Commissioner Conrad took a moment to recognize Mr. Carter for his professionalism. Mr. Carter is retiring with 42 years with Guilford County and he is much appreciated and will be greatly missed.

The Board wished him congratulations on his retirement.

Green shared that the last item is the State of the County Health report.

Commissioner Cashion commended the Public Health Department and the leadership of Ms. Green on an excellent accreditation report.
