

2025 ARPA Recovery Plan Update

Use of Funds

- **Center** community voice in decision-making.
- **Honor County** values of equity and inclusion, accountability, service excellence, and transparency/communication.
- **Build on foundation** of existing County and regional efforts.
- **Maximize funding** by cross-mapping initiatives against more restrictive funding streams and State and Federal opportunities.
- **Invest** in best practices by adding capacity, infrastructure, and expertise early.
- **Focus on sustainability** with one-time uses or by establishing a path to sustainability.

Strategic Priority Areas

- Access to Community Services
- Access to Healthcare
- ARPA Administration
- Behavioral Health
- Broadband & Digital Inclusion
- Healthy Early Childhood Environments & Education

Compliance and Reporting

Guilford County maintains compliance of ARPA funds by:

- Review and approve **invoices based on allowability**, alignment with project scope and expenditure category and approved budget.
- Review reported deliverables against contracted allowable uses
- Contracts are set up on a reimbursement basis
- Require **quarterly performance and financial reports**
- Conduct **site visits and desk reviews** yearly for each organization and providing a report that summarizes results and corrective actions
- **Review** each organization's **audit** on a yearly basis

If an organization is found to be noncompliant with their subaward terms, a level of intervention may be imposed.
