Subject: RE: Amended Rehabilitation Contract

The amendment will not need to go to Council for further approvals. The resolution allows us to move forward with the amendment and we can begin operating as now intended after the contracts are routed for City signatures. We can begin routing for City signatures after we receive the signed copies from Guilford and PTRC.

Caitlin,

Just for clarification did the City just adopt the Resolution and scheduled to consider the Amend. at a future mtg (if so, tentative date)?

Thanks.

Subject: Amended Rehabilitation Contract

Greensboro City Council passed the resolution!

Attached are the Amendment, new Scope of Services (Attachment A), Federal Construction Contract Requirements (Attachment B), and the Internal Audit Monitoring Policy (Attachment C). I can hand deliver 3 copies to your office tomorrow morning if needed. I'm unsure of your deadline tomorrow so I want to get these documents to you as early as possible.

Please let me know if you have any questions.

Thanks!
