Interests & Experiences

Why are you interested in serving on a board or commission?

I taught HS Biology and Environmental science in Guilford County for 10 years and have always had a special interest in botany. I have a small flower farm and plant business selling stems and designing plants for local designers and clients. I am involved in the community and have a sincere appreciation of our local parks and frequent them. I believe our local park system has been integral to our quality of life and is critical to Guilford County maintaining its desirability.
