## School Capital Outlay Projects Summary- June 18, 2025

### Amending twenty- nine (29) and establishing seventy-six (76) school capital projects funded by General Obligation bonds (increase of \$18,994,896)

At the April 15, 2021, Board of County Commissioner's work session, the Board approved projects and a plan to issue \$300 million in General Obligation bonds to fund 10 school capital projects. On May 17, 2022 the voters of Guilford County approved a \$1.7 billion bond referendum to pay capital costs of providing school facilities, including the acquisition and construction of new school facilities, the improvement and expansion of existing school facilities and the acquisition and installation of furnishings and equipment and the acquisition of interests in real property required therefor.

This item amends three capital projects that were divided into broad categories: Deferred Maintenance, Safety and Security Enhancements and Technology Upgrades, and realigns these funds in individual capital projects by school project, establishing a total of 76 new projects and amending 23 (\$0 net change). This item also amends six of the individual school capital projects associated with the original approval of the \$1.7 billion bond referendum. The board previously adopted \$300 million in school capital projects associated with the combined \$2 billion in voter-approved GO bond debt. This item adds \$18,994,896 million, bringing the total to \$649,482,077 million. The subsequent Capital Project Ordinances establish or amend the following projects in the School Capital Outlay fund:

Project	Bond Order Category	Current Adopted Appropriation	Amended Appropriation	GO Bond Revenue
Allen Jay Elementary*	School Capital	\$7,207,070	\$9,417,613	\$9,417,613
