Interests & Experiences

Why are you interested in serving on a board or commission?

I am a tutor at Jones Elementary, a Title 1 school. I see my third graders already struggling to stay out of trouble and to navigate all the challenges they face, all the obstacles they have to overcome to just get an education. I want to protect them and others if they enter the system and ensure they receive fair treatment throughout their lives, especially as juveniles. Mostly, I'd like to do whatever I can to keep our youth in Guilford County out of trouble and out of the judicial system so they can live full and productive lives.

Question applies to multiple boards

Briefly list your professional, educational and volunteer experiences that are most relevant to the mission and duties of this board:

I worked in the DEI realm with the NC Association of Realtors for several years and work in a Title 1 school (Jones Elementary) as a tutor. This is my second year at Jones and I have been with the same children throughout. I am an avid reader and have educated myself on many civil rights issues as well as the history that is still challenging to all of us, especially in the South. I am an advocate for youth and for social justice. I participated in a Civil Rights Journey in 2020 and it had a profound impact on my mentality and cemented things I have always held true about racism and the justice system. I would welcome the opportunity to ensure the youth of Guilford County are treated equitably when they are dealing with the courts and our punitive system. My grandfather served on the Federal Parole board and I grew up watching him fight for the rights of the incarcerated and pushing for reform.
