### Why are you interested in serving on a board or commission?

I am interested in serving on the Board for the GCAS to help make a difference for our animals that are abandoned, injured and homeless. I want the Shelter to be the best in the state and to utilize all the talents and skills that the community has to offer to make this happen.

I have been volunteering at the GCAS since last September. I enjoy spending time with the dogs, walking and socializing to help make them more adoptable. We have several very dedicated folks who are there almost everyday and I would love to see more volunteers to ease the load on the few who are there no matter the weather or their schedules outside the shelter. People come to the shelter with a sense of anticipation. I would like to see improvements that will ensure we turn that anticipation into the most positive experience possible, that give us the resources to help them find the right match, and that ensure our visitors and the community realize that we have the animals best interests in mind. Social media is critical to creating awareness of available animals . Education programs with our schools as well as developing mentoring and sponsor programs for students and families would build greater awareness and stronger ties with the community. I have volunteered and fostered for Best Friends Animal Rescue in Cary, NC. And transported animals for Friends of Nash County Shelter. I'm have four rescued dogs, one of which we just adopted from GCAS in December. And I was closely involved with my husband's activities when he was on the board of the shelter in Charlottesville.
