Interests & Experiences

Why are you interested in serving on a board or commission?

I am seventy one years old and have many successful life experiences, both personal and professional; as an engineer, educator, pilot, sailor, corporate executive and financial advisor. I have survived heart surgery, cancer, and a near death automobile accident at age 68 and navigated the Worker's Compensation System. My hard work, positive attitude toward aging, and most of all, an attitude of gratitude and appreciation, have led me to now enjoy excellent health and the time and energy to be able to serve and, hopefully, guide and assist others in navigating their years leading to, and living in retirement, productively and with purpose.
