Interests & Experiences

Why are you interested in serving on a board or commission?

I am interested in serving on the Council on Aging because I am deeply committed to supporting the well-being, independence, and dignity of older adults in our community. Through my professional experience in healthcare administration and community-based initiatives, I have witnessed firsthand the challenges many seniors face—from accessing healthcare and transportation to issues with housing and social isolation. I believe serving on this board would enable me to make meaningful contributions by leveraging my background in systems improvement, resource coordination, and advocacy. I am particularly passionate about ensuring our aging population has equitable access to the services and support needed to maintain their quality of life. It would be an honor to collaborate with fellow board members and community stakeholders to advance initiatives that promote aging in place, healthy living, and inclusive engagement for older adults across our region.
