Interests & Experiences

Why are you interested in serving on a board or commission?

Over the past few years, several family members and close friends have moved into assisted living or nursing homes for various reasons. Consequently, I have become more aware of the challenges they face as older adults who need assistance with everyday life tasks. My mother anticipated needing care, was very pragmatic about financial decisions, and thoughtful about choosing a place and the right time to go. She was surrounded by family, and there were quite a few people from her community in residence. Many people are not so fortunate, and as members of a vulnerable group of individuals, older adults at times need a set of "extra ears" to make sure their voices are heard. It is for this reason that I would like to volunteer as a Community Advisory Committee volunteer. I feel my experience as a mediator and educator has prepared ne for this role. I enjoy talking with older adults and hearing their stories.
