The County will have access to all of the resources of one of the largest CPA firms in the United States, while being served by a local team based in our Raleigh office ("Mid-Carolina practice"). Our team offers the County an unmatched depth of practical knowledge in the effective application of current standards. Our audit programs and processes are tailored specifically to your needs, streamlined through years of experience with similar counties and municipalities. Our approach is highly automated and focused on proper planning. In addition to traditional audit and compliance services, we provide bond offerings, performance audits, agreed-upon procedures, internal control reviews, information technology reviews, cyber security reviews and strategic management services. Furthermore, our team has helped many public sector clients smoothly transition to a new auditor. With extensive experience serving counties, cities, towns and authorities throughout the state of North Carolina, we offer a critical mass of government experienced auditors and advisors to continue our mutually beneficial relationship.

Simply put, we are ready to start day one to provide the County with an expert look to its external audit and business issues.
