SECTION B – DESCRIPTION OF PROJECT

Statement of Problem (Provide detailed information of the highway safety problems in your area to be addressed through this project. Include countywide crash data for the last three years and any other relevant information to validate the statements. For more detailed information see "How to write an effective traffic safety project" located at:

<https://connect.ncdot.gov/municipalities/Law-Enforcement/Pages/Law-Enforcement-Reporting.aspx>)

With a population of 521,330 residents, the total number of impaired drivers and unrestrained passengers of motor vehicles in Guilford County has become a monumental concern to law enforcement and citizens who must travel within this area. Currently, Guilford County is ranked 3rd in the state in the total number of fatalities. Further, we are ranked 3rd in alcohol-related fatalities and 2nd in speed-related fatalities.

The most recently published NC Crash facts, Guilford County, is ranked 3rd in the state in most fatality-related categories and ranked 3rd in the average annual cost of crashes. There is only a half-hour until the next crash occurs.

Through cooperation between two law enforcement agencies (The Guilford County Sheriff's Office and High Point Police

Department), the Task Force has begun to make strides to improve public safety within this jurisdiction.

In the first year, the Guilford County Multi-Agency DWI Task Force surpassed the grant goals of the Governor's Highway Safety Program with a 15.5% increase in DWI citations. Each subsequent year has resulted in Guilford County being a model taskforce program in the state. The Guilford County Multi-Agency DWI Task Force has been consistent with all arrests for the last nine years, with an average of 803 DWI arrests a year.

The goal of local law enforcement is to reduce the number of DWI-related crashes that lead to injury and death in Guilford County. To help achieve this goal, the Guilford County Sheriff's Office and High Point Police Department will collaborate to complete this goal by completing the following goals.

Proposed Solution (Begin with a one-sentence summary of your project. Then describe in detail how your proposed project will address the problem identified in the "Statement of Problem" section):

A committed effort of this unit surpassed all goals of this grant. This task force seeks tenth-year funding to continue improving traffic safety in the region. The vision of the Guilford County DWI Task Force is to maintain the high level of arrests of impaired drivers through strict enforcement and increased daytime and nighttime checkpoints. In addition, educating the public about the dangers of drinking and driving is still of paramount importance in Guilford County. With the Covid-19 pandemic continuing into 2021, Guilford County DWI Task Force still maintained a high arrest of DWI Drivers, with 458 in 2021.

The goal of local law enforcement is to reduce the number of DWI-related crashes that lead to injury and death in Guilford County. To help achieve this goal, the Guilford County Sheriff's Office and High Point Police Department will collaborate to complete this goal by completing the following goals.

Budget Justification (Provide a detailed explanation of the costs associated with proposed project):

The mobile data air card monthly fees will be paid from GHSP Funds. the Mobile data air card is a vital part of the day to day operation of the Taskforce.

Travel Justification (Provide justification for all travel expenses):

In-state travel will be used to attend DWI-related training classes and refreshers. Additionally, out-of-state travel will be used to attend the Lifesavers Conference, April 2–4, 2023, Washington State Convention Center, Seattle, WA and other traffic-related conferences/training.

To be completed by law enforcement agencies seeking first year grant:

Provide the agency's number of sworn officers	256
Does the agency currently have a dedicated traffic or DWI unit?	Yes <input checked="" type="radio"/> No <input type="radio"/>
If a dedicated traffic or DWI unit exists, how many officers are assigned to the unit?	8

For applicants requesting enforcement grants, please provide the following county fatality rankings:
