

ENERGY PROGRAMS OUTREACH PLAN

The Low-Income Energy Assistance Program (LIEAP) is a federally funded block grant program that is comprised of three different programs – Crisis Intervention Program (CIP), Low Income Energy Assistance Program (LIEAP) and Weatherization. There are also non-Federal Crisis Intervention Programs – Energy Neighbor, Share the Warmth, Wake Electric Round Up, and Helping Each Member Cope.

To maximize the success of this program, outreach to county residents through key community partner stakeholders, each county department of social services is required to develop and implement an Energy Program Outreach Plan (EPOP). This plan is a framework to assure that eligible households are made aware of the assistance available through these programs.

The county director and/or his/her designee is required to develop the EPOP, which addresses outreach and application activities related to the Energy Programs. The Outreach Plan is due to North Carolina Department of Health and Human Services (NCDHHS) by July 25, 2022.

Each county must form an outreach planning committee that creates the opportunity for county level collaboration to discuss and plan how to effectively reach county residents to inform them of the services provided by the energy programs. The committee should meet at least twice yearly; September for outreach planning related to LIEAP and April to review the outcomes related to LIEAP and to plan for outreach activities for the summer weather. Define how DSS/DHHS will work with the committee as well as any other agencies to collaborate regarding the Energy Program and how outreach will be provided to the citizens in your area.

We will provide scheduled outreach to complete LIEAP applications at community partner agencies. We will connect with our local energy providers and local media to ensure community awareness of the energy programs available.

1. What is the process for referring customers? What marketing tools or items will be used (please provide a copy of your previous marketing materials and how you plan to enhance those future plans)?

This agency will use mass mailing to inform clients when and where to apply for services. The state NCFast system has, in recent years, mailed information to previous recipients for automatic payments as well as other program information. We will utilize local media as well as posters, flyers, and brochures within the agency. Guilford County will also conduct outreach to elderly and low-income housing communities to ensure program access.

2. What strategy does the county have to continue collaborative efforts with community partners to complete outreach activities to target potential eligible households including individuals and families?

We plan to work closely with senior housing sites to assist residents and housing managers with the completion of applications. We work closely with the Aging and Adult Services Division as well as Senior Resources of Guilford County. We will utilize both state and agency DAAS reports

to target areas of highest vulnerability as first priority.

3. What additional activities will be conducted to target households with members under the age of 5, 60 and older, and disabled.

This agency will collaborate with Greensboro Housing Authority and High Point Housing Authority to target households with children under the age of 5, the disabled, and individuals over the age of 60.

Media Involvement is vital to outreach activities. How will your county utilize media such as newspapers, social media, radio, and television stations to publicize the Energy Programs?

All media outlets will be advised of upcoming program deadlines and what the requirements are for applicants seeking assistance.

1. Provide a list of media outlets that will be used as well as timeframes in which they will be contacted (provide examples of how the county can enhance these efforts).

The following media outlets will be notified within 30 days of the program start date: WFMY News 2, Fox 8 News, WXII News 12, ABC 45 News, Spectrum News, Greensboro News and Record, High Point Enterprise, and Rhinoceros Times.

ORGANIZATION STRUCTURE

Counties are required to provide application processes for CIP, non-Federal CIP programs, and/or LIEAP. This information must be reported to the NCDHHS annually.

1. Provide hours of operations, location, and whether the programs are in house or contracted out. If your agency contracts out to other agencies attach the contract(s).
