Dear Captain Whitesell,
Wireless Communications is an authorized Longent reseller for the State of North Carolina.

Longent has been a leading provider of Wireless Coverage and Capacity Enhancement since March 2002. Over this period of time, Longent has developed a proprietary system for benchmarking and designing Bi-Directional Amplifier (BDA) and Distributed Antenna Systems (DAS). Our exclusive system of processes, along with industry leading tools affords Longent the ability to readily develop BDA and Neutral Host DAS designs and topologies with guaranteed system performance.

Best Regards,

Rick Youngbar
