**Which Boards would you like to apply for?**

Juvenile Crime Prevention Council: Submitted

**County Commissioner District \***

District 1

**Interests & Experiences**

**Why are you interested in serving on a board or commission?**

I am interested in serving on the Juvenile Crime Prevention Council to further assist our local youth and families in not only surviving but thriving even through adverse experiences. In being a community member, an Ordained Minister serving in a local church, licensed marriage and family therapist, and one whom grew up in the area I bring an understanding of some of the resources needed and also some of the barriers to services that are in place. I would be honored to serve our community by volunteering on the board and working as a team and community to increase healthy and productive youth and families and to decrease delinquency. Our youth are our future- we must all invest in their healing, growth, maturity and well-being.
