Question applies to multiple boards

Briefly list your professional, educational and volunteer experiences that are most relevant to the mission and duties of this board:

As stated, I have been a GCAS volunteer since 2012, and have always been a supporter of animal rights and welfare. I am a sucker for any furry face. I grew up in a home where there was always at least one pet, and I am grateful to my parents for that enrichment. I am very outgoing, and have excellent communication skills. I have a Bachelor of Science degree in Communications from Appalachian State University. In 2013, I co-authored with a real-estate attorney a textbook for national paralegal programs, which was published in 2014 by Pearson. Also, an article I wrote in 2009 was published in multiple publications/journals, most notably NC Lawyers Weekly and NALA's Facts and Findings.

Please list your experiences with animal services, animal control, and animal rescues; and discuss your ideas for improving the well-being of pets and the animal population, in general, within Guilford County.

I have enjoyed my time as a GCAS volunteer and board member, and look forward to continuing with the work of upgrading our shelter and helping turn around the shelter's reputation for the better. I volunteer with several local rescues in addition to the shelter, and am very involved in the local animal community.
