Interests & Experiences

Why are you interested in serving on a board or commission?

I have had an interest in serving on a city or county board or commission since participating in Leadership Greensboro in 2001 but the demands of building a counseling practice and raising 2 children haven't afforded me the time & energy I felt would be necessary to serve. Now that my children have been launched, I feel ready and eager to serve in some capacity. While I believe that my education and 33 years of mental health experience would make me more fitting for a board like the Juvenile Crime Prevention Council, I am not sure I fit the needs of that particular board. Thus, I am open to considering other boards where it is determined that I could be a contributing member. I'm ready to more deeply understand the problems and needs of our city and county and help with determining and implementing solutions.
