Board of Adjustment: Submitted

Greensboro Area Sports Commission: Submitted

Guilford County Tourism Development Authority: Submitted

---

## County Commissioner District \*

☒ District 4

---

## Interests & Experiences

---

### Why are you interested in serving on a board or commission?

I am interested in serving on a board or commission of Guilford County, because I believe that civic engagement in the community that you live in is important for the growth and development of such community and in driving the community to reach its fullest potential in providing beneficial services to its citizenry. Furthermore, to accomplish such goals of local government the boards and commissions must reflect all ideas, backgrounds and cultures of the community in order to develop and fulfill well-rounded policies and missions that serve the citizens in the representative districts, as well as those at large. Serving in such capacity should not be a chore or duty, but should be a passion of the representative knowing that they seek to make their community a better place presently and for future generations.

Question applies to multiple boards

**Briefly list your professional, educational and volunteer experiences that are most relevant to the mission and duties of this board:**

In 2012, I graduated from the Town of Cary, NC School of Government. This program involved 4 sessions of classroom learning, activities and meetings that educated students on all facets of local government in North Carolina and specifically with respect to the Town of Cary. Thereafter, I served on the Town of Cary's Planning and Zoning Board for roughly 3 years where I was tasked with decision-making regarding zoning requests from residential to special use. This background would be immensely helpful to someone serving on the Board of Adjustment who rules of various zoning matters. Additionally, as an attorney, I am familiar with judicial process and procedure that must be followed and applied in the cases that come before the Board.
