TITLE

CONTRACT FOR PREVENTIVE MAINTENANCE ON CARDIAC MONITORS

SPONSOR

Jim Albright

BACKGROUND

Guilford County EMS utilizes a highly sophisticated multi-parameter cardiac monitor/defibrillator/pacemaker manufactured by Physio-Control. The monitors were purchased in 2010/2011 with an initial five year maintenance agreement. That maintenance agreement corresponded with the estimated serviceable life of the purchase. The monitors have held up exceptionally well, and we believe we should continue to use them, but must extend maintenance agreements to do so. This item was bid through Purchasing, event #547, and bids were closed in late December. This is the first BOC meeting that the proposed contract can appear. We currently have 60 monitors, and for no break in service, the contract is dated back to January 1, 2017, price only for one year with the option for 3-one year renewal.

Attached are the bid spec and response from Physio-Control, which formerly did business as Medtronic.

BUDGET IMPACT

NO ADDITIONAL COUNTY FUNDS

REQUESTED ACTION

Approve price only contract with Physio-Control, 11811 Willow Road NE, Redmond, WA, 98502-2003 in substantial form, for required preventative maintenance/repair on cardiac monitor/defibrillators. The contract term is for one year, with the option for three, one year renewals. The maintenance was bid under County event #547. The annual contract amount is \$78,619.00, and if all future years are authorized is \$314,476.00 to be effective January 1, 2017 for a term of 1 year.
