TITLE

DHHS/COUNTY MEMORANDUM OF UNDERSTANDING PURSUANT TO NCGS 108A-74

SPONSOR

Heather Skeens, Angela Liverman

BACKGROUND

Session Law 2017-41 requires all counties to enter into an annual written agreement with the Department of Health and Human Services for all social services programs excluding medical assistance (Medicaid). The law requires the written agreement to be executed no later than July 1, 2018.

Prior drafts of the agreement have been reviewed and commented on by the NC Association of County Commissioners, the DSS Directors Association, all county DSS directors - and most recently, by all county managers via the NCACC. The state considered every comment received in developing this final version of the agreement, and made many changes to address county concerns. The finalized Memorandum of Understanding between NC DHHS and Guilford county is enclosed.
