Interests & Experiences

Why are you interested in serving on a board or commission?

I am deeply committed to advancing mental health and overall well-being within Guilford County, and I believe serving on the Behavioral Health Center Oversight Board and/or the Health and Human Services Advisory Committee would allow me to contribute meaningfully to that mission. With over a decade of experience as a licensed clinical social worker and leader in both school and community-based settings, I bring expertise in direct practice, program development, and systems-level collaboration. I am passionate about ensuring equitable access to quality behavioral health services, supporting policies and practices that strengthen families, and fostering community partnerships that create lasting impact. My dedication to both clinical excellence and community advocacy aligns strongly with the goals of these committees, and I would be honored to use my skills to support Guilford County in achieving positive outcomes for individuals and families.
