Transportation Advisory Board: Submitted

County Commissioner District *

District 3

Interests & Experiences

Why are you interested in serving on a board or commission?

I have a foundational belief that it is important to give back to the community that created who I am. I have served on boards and commissions with the City of Greensboro for nearly a decade but feel called to expand beyond the city limits as my career targets the entire Piedmont with specific emphasis in Guilford County. I have substantial experience in Commercial Real Estate and development from my time as a commercial mortgage analyst at Lincoln Financial. That has not only helped grow my financial analysis skills but also given insight into land use and development. My seven years serving on the Greensboro Transit Advisory Commission, including 5+ years as Chair, provided me with a strong knowledge of public transit and broader system improvement for both fixed routes and paratransit. This has involved strategic planning, managing effective and equitable investment, as well direct communication with the riding public and stakeholders.

Question applies to multiple boards

Briefly list your professional, educational and volunteer experiences that are most relevant to the mission and duties of this board:

Greensboro Transit Advisory Committee; Greensboro Board of Adjustment; Commercial Mortgage Analyst at Lincoln Financial; Commercial Banker at Triad Business Bank

Question applies to Guilford County Animal Services Board

Please list your experiences with animal services, animal control, and animal rescues; and discuss your ideas for improving the well-being of pets and the animal population, in general, within Guilford County.

I am a pet owner with two dogs, both of whom are rescues. I see tremendous value in animals, not only as a loving and loyal companions, but also as a source of mutual healing (physical and emotional). In elementary school at Brooks Global Studies (in Guilford County), I co-founded a club that would volunteer at the Guilford County Animal Shelter once a month. Beyond that, the bulk of my experience with Guilford County Animal Control was when I worked in property management. Animal Control would remove animals from properties when performing tenant lockouts when tenants were in default. Another experience with Animal services includes when my wife and I adopted a cat from the Animal Shelter in 2018.
