Interests & Experiences

Why are you interested in serving on a board or commission?

I am interested in serving on a board or commission because I believe effective local governance depends on informed, engaged leadership that is willing to listen, collaborate, and make thoughtful decisions in the public interest. My five years serving on the Greensboro Minimum Housing Standards Commission reinforced for me how impactful this type of service can be in shaping safe, equitable, and livable communities. Since 2021 I served as an alternate, voting member, voted Vice Chair and voted Chair (two times). In that role, I worked closely with fellow commissioners, city staff, property owners, and residents to balance enforcement with fairness, ensuring housing standards protected public health while recognizing real-world challenges. Serving as chairman strengthened my appreciation for transparent decision-making, consensus building, and the responsibility boards have to uphold policy with integrity and compassion. I am motivated to continue serving because I value contributing my experience, judgment, and commitment to community well-being. Board and commission service allows me to help translate policy into meaningful outcomes, support accountable governance, and give back to a city that has given me so much.
